(Available terms: 12, 24, 36, 48 and 60 Months)

Rate Information - Your interest rate and annual percentage yield may change. **Frequency of rate changes** - Your initial interest rate will not change until the maturity date. We may change the interest rate on your account at that time and daily thereafter.

Determination of rate - At our discretion, we may change the interest rate on your account.

Compounding and crediting frequency - Interest will be compounded every quarter. Interest will be credited to your account every quarter.

Effect of closing an account - If you close your account before interest is credited, you will not receive the accrued interest.

Minimum balance to open the account - You must deposit \$25.00 to open this account.

Daily balance computation method - We use the daily balance method to calculate the interest on your account. This method applies a daily periodic rate to the principal in the account each day.

Accrual of interest on noncash deposits - Interest begins to accrue no later than the business day we receive credit for the deposit of noncash items (for example, checks).

Transaction limitations:

Monthly automatic transfers from your HPB checking to your Structured Savings are required until the maturity date of your account. The minimum monthly transfer amount is \$25.00 (for 12 Month terms), \$40.00 (for 24 Month terms), or \$50.00 (for 36, 48, and 60 Month terms).

Fees:

A \$5.00 monthly charge will be applied if a transfer is not received monthly.

A per item fee of \$25.00 will be charged for each withdrawal made before the maturity date of your account.

An early closing fee of \$75.00 will apply if the account is closed before the maturity date of your account.

Additional terms:

A Hickory Point Bank checking account is required and must remain open until the maturity date of your account to qualify for a Structured Savings account.

After the maturity date of your account, your Structured Savings account will be converted to a Consumer Savings account with the following features:

- Converted account will no longer be considered a term account and will not have a maturity date. A per item fee of \$2.00 will be charged for each withdrawal over three in one month.
- Monthly transfers from your checking account are no longer required and will stop after the maturity date of your account. After the maturity date of your account, the \$5.00 charge will no longer be applied if monthly transfers do not occur.
- Interest calculates on the daily ledger balance of your account using the current rate in effect for Consumer Savings. Interest compounds to your account quarterly at statement time. We reserve the right to change the interest rate on your converted savings account.
- You must maintain a daily ledger balance of \$200.00 in your account after the maturity date of your account. A \$5.00 monthly charge will be applied if the balance falls below \$200.00 anytime during the month.
- By law, preauthorized or automatic withdrawals or transfers to another account or to a third party are limited to six per month.

CONSUMER CERTIFICATES OF DEPOSIT

Compounding frequency - Interest will be compounded annually or at maturity.

Crediting frequency - Interest will be credited to your account annually or at maturity.

Effect of closing an account - If you close your account before interest is credited, you will not receive the accrued interest.

Minimum balance to open the account - You must deposit \$1,000.00 to open this account.

Minimum balance to obtain the annual percentage yield disclosed - You must maintain a minimum balance of \$1,000.00 in the account each day to obtain the disclosed annual percentage yield.

Daily balance computation method - We use the daily balance method to calculate the interest on your account. This method applies a daily periodic rate to the principal in the account each day.

Accrual of interest on noncash deposits - Interest begins to accrue on the business day you deposit noncash items (for example, checks).

Transaction limitations:

You may not make any deposits into your account before maturity.

You may not make withdrawals of principal from your account before maturity.

You can only withdraw interest credited in the term before maturity of that term without penalty. You can withdraw interest any time during the term of crediting after it is credited to your account.

Early withdrawal penalties (a penalty may be imposed for withdrawals before maturity) -

- If your account has an original maturity of 31 days - 12 months:
The fee we may impose will equal 90 days interest on the amount withdrawn subject to penalty.
- If your account has an original maturity of 18-60 months:
The fee we may impose will equal 180 days interest on the amount withdrawn subject to penalty.

In certain circumstances such as the death or incompetence of an owner of this account, the law permits, or in some cases requires, the waiver of the early withdrawal penalty. Other exceptions may also apply, for example, if this is part of an IRA or other tax-deferred savings plan.

Withdrawal of interest prior to maturity - The annual percentage yield assumes interest will remain on deposit until maturity. A withdrawal will reduce earnings.

Automatically renewable time account - This account will automatically renew at maturity. You may prevent renewal if we receive written notice from you before maturity of your intention not to renew or you withdraw the funds in the account at maturity (or within the grace period mentioned below, if any). If you prevent renewal, interest will not accrue after final maturity.

Each renewal term will be the same as the original term, beginning on the maturity date. The interest rate will be the same we offer on new time deposits on the maturity date which have the same term, minimum balance (if any) and other features as the original time deposit. CD specials will automatically renew at the next highest term.

You will have ten calendar days after maturity to withdraw the funds without a penalty.

IRA CERTIFICATES OF DEPOSIT
(Traditional, Roth - 12 Months - 60 Months)
(Education and SEP - 12 Months - 60 Months)

Compounding frequency - Interest will be compounded quarterly.

Crediting frequency - Interest will be credited to your account quarterly.

Effect of closing an account - If you close your account before interest is credited, you will not receive the accrued interest.

Minimum balance to open the account - You must deposit \$500.00 to open this account.

Minimum balance to obtain the annual percentage yield disclosed - You must maintain a minimum balance of \$500.00 in the account each day to obtain the disclosed annual percentage yield.

Daily balance computation method - We use the daily balance method to calculate the interest on your account. This method applies a daily periodic rate to the principal in the account each day.

Accrual of interest on noncash deposits - Interest begins to accrue on the business day you deposit noncash items (for example, checks).

Transaction limitations:

You may not make any deposits into your account before maturity.

Only the amount of your annual required distribution may be withdrawn penalty free during the term.

You can only withdraw interest credited in the term before maturity of that term without penalty. You can withdraw interest any time during the term of crediting after it is credited to your account.

Early withdrawal penalties (a penalty may be imposed for withdrawals before maturity) -

- If your account has an original maturity of 12 months:
The fee we may impose will equal 90 days interest on the amount withdrawn subject to penalty.

- If your account has an original maturity of 18 months - 5 years:
The fee we may impose will equal 180 days interest on the amount withdrawn subject to penalty.

In certain circumstances such as the death or incompetence of an owner of this account, the law permits, or in some cases requires, the waiver of the early withdrawal penalty. Other exceptions may also apply, for example, if this is part of an IRA or other tax-deferred savings plan.

Withdrawal of interest prior to maturity - The annual percentage yield assumes interest will remain on deposit until maturity. A withdrawal will reduce earnings.

Automatically renewable time account - This account will automatically renew at maturity. You may prevent renewal if we receive written notice from you before maturity of your intention not to renew or you withdraw the funds in the account at maturity (or within the grace period mentioned below, if any). If you prevent renewal, interest will not accrue after final maturity.

Each renewal term will be the same as the original term, beginning on the maturity date. The interest rate will be the same we offer on new time deposits on the maturity date which have the same term, minimum balance (if any) and other features as the original time deposit.

You will have ten calendar days after maturity to withdraw the funds without a penalty.
